Dear Dr Raheen,

I'm shocked by your email, you will find in our web site: <http://www.southasiafoundation.org> how the pledged money has been spent by SAF Afghanistan and how you worked nobly for the cause of peace and harmony in the region, that is why South Asia Foundation in recognition of your work awarded you a silver plate from the hands of UNESCO Goodwill Ambassador Madanjeet Singh in Srinagar during the inauguration by the President Of India of the Institute of Kashmir studies.

I went through the archives even if some were damaged by a flood in the house but if you need more explanations do not hesitate
Courage and warm regards.

France

Chairperson of South Asia Foundation (SAF)
